MedStar Family Choice is an existing plan sponsor with CVS Caremark®. This is a reminder that MedStar Family Choice is providing coverage for some over-the-counter (OTC) items for its plan members. These OTC items include but are not limited to:

- Vitamins and minerals
- Pain relievers
- Topical antibacterials, antifungals, anti-inflammatories
- Cough, cold, and allergy medicine
- Gastrointestinal products
- Condoms – **see note below**

Please rely on the online adjudication to determine specific covered items. A list of covered OTC drugs can be found on the MedStar Family Choice formulary at www.medstarfamilychoice.com.

MedStar Family Choice requires its members to have a written or telephoned prescription for OTC items. Refills are permitted for 12-month supply.

Please note, the State of Maryland has mandated that a prescription is not required for condoms.
Please enter 'CD1111119' in the Prescriber DEA field and dummy NPI 100300016 dispensing this OTC item to ensure claim will not reject.

Patient Pay Amount

Please rely on the claims system to determine the correct amount to collect from the plan member, if applicable.

The recipient of this fax may make a request to opt-out of receiving telemarketing fax transmissions from CVS Caremark. There are numerous ways you may opt-out: The recipient may call the toll-free number at 877-265-2711 and/or fax the opt-out request to 401-652-0893, at any time, 24 hours a day/7 days a week. The recipient may also send an opt-out request via email to do_not_call@cvscaremark.com. An opt out request is only valid if it (1) identifies the number to which the request relates, and (2) if the person/entity making the request does not, subsequent to the request, provide express invitation or permission to CVS Caremark to send facsimile advertisements to such person/entity at that particular number. CVS Caremark is required by law to honor an opt-out request within thirty days of receipt. An opt out request will not opt you out of purely informational, non-advertisements, Caremark pharmacy communications such as new implementation notices, formulary changes, point-of sale issues, network enrollment forms, and amendments to the Provider Manual.
