EFT and ERA's

MedStar Family Choice's only direct clearinghouse partner is Change Healthcare and ECHO Health, Inc. to provide EFT payments and 835 Electronic Remittance Advices (ERA). MFC strongly encourages you to enroll to receive EFT payments and 835 ERAs in order to take advantage of these options.

If you have any existing relationship with Change Healthcare, please be sure to notify Change Healthcare of any banking or payment address changes needed on your account. For those unfamiliar with Change Healthcare, Change Healthcare is committed to data privacy, security, and the prevention of fraud. They employ the latest intrusion prevention and fraud mitigation technologies to protect our clients. Their fraud mitigation strategy includes specific authentication, identify and account verification vendor technologies, and robust internal fraud prevention protocols to identify potential fraud before processing payments to enrolled accounts. Please note that payments will appear on your bank statement from Huntington National Bank and ECHO as "HNB - ECHO".

Providers who enroll for EFT payments will continue to receive the associated ERAs from ECHO with the Change Healthcare Payer ID. Please make sure that your Practice Management System will be updated to accept the Change Healthcare Payer IDs as identified for each respective MedStar Family.

Choice Health Plan:

- MedStar Family Choice - District of Columbia: RP062
- MedStar Family Choice - Maryland HealthChoice: RP063

To sign-up to receive EFT, through Settlement Advocate for MedStar Family Choice, Inc only, visit <https://enrollments.echohealthinc.com/EFTERADirect/Medstar>. No Fees apply.

All generated ERAs will be accessible to download from the ECHO provider portal (www.providerpayments.com). You can also log into www.providerpayments.com to access a detailed explanation of payment for each transaction. Changes to the ERA enrollment or ERA distribution can be made by contacting the ECHO Health Enrollment team at **440-835-3511**.

If you have any difficulty with the Change Healthcare website or have additional questions, as they relate to Change Healthcare, please call **800-317-3523**.

The below Payer IDs must be used to submit claims electronically:

HealthyLife Portal

Did you know MedStar Family Choice offers our members access to the Healthy Life Portal to track their own health?

The HealthyLife Portal contains a meal planner as well as easy-to-use logs to track their calories, weight, blood pressure, glucose, cholesterol, and more. The portal also has health education information and offers gift cards to members for completing a health survey and other workshops. The HealthyLife Portal can help your patients earn while they learn! MedStar Family Choice members who are 18 years and older can access the portal by visiting and registering at [MedStarFamilyChoiceHealthyLife.com](https://www.MedStarFamilyChoiceHealthyLife.com).

Understand our complaint, grievance, and appeal process

The MedStar Family Choice complaint/grievance and appeal procedure that members follow can be found on our website at [MedStarFamilyChoice.com](https://www.MedStarFamilyChoice.com) and in your provider manual. If you do not have access to our website or a provider manual, you may contact Provider Relations at mfc-providerrelations2@medstar.net or **800-261-3371**, for a copy of the manual. The process will tell you the following:

- How members can file a complaint, grievance or appeal, and the differences between them
- How quickly we will respond to the member and the provider
- What to do if the member does not agree with our decision

Please note that for Member Appeals, MedStar Family Choice **must** have written permission from the member to allow providers to appeal on their behalf by the stated deadline. **MedStar Family Choice will call members notifying them that written permission is required for the provider to appeal on their behalf. Without written permission, member appeal requests submitted by providers will not be processed.**

Members have the right to contact the HealthChoice Enrollee Help Line at **800-284-4510**, Monday through Friday, 7:30 a.m. to 5:30 p.m. when they have a concern about a decision made by MedStar Family Choice.

Reducing ED visits with the Emergent Care project

MedStar Family Choice has an Emergency Room Diversion Workgroup with the goal to decrease avoidable Emergency Department (ED) usage by our members. The Emergent Care Team includes MedStar Family Choice associates from Utilization Management, Case Management, Outreach, Social Work, Emergent Care, Community Relations, and Quality. The workgroup focuses on MedStar Family Choice members with high-dollar utilization of the ED as well as addressing barriers to care that members face.

MedStar Family Choice is striving to improve care for its members through ongoing & "perpetual" case management that includes telephonic contact. MedStar Family Choice determines barriers to care and then works to overcome those barriers. Barriers to care can include accessibility to providers, transportation, safety concerns, and others.

Members are being contacted by the Medstar Family Choice Emergency Care Coordinator, to discuss their recent ED visits. Members will be assisted with selecting a PCP and scheduling a PCP appointment if needed. The members are provided with information regarding the use of the 24-hour Nurse Advice Line, use of the Evisit platform, and a list of available urgent care providers.

The Emergent Care Coordinator will also determine the member's barrier to care in addition to any other medical needs. Next, the Emergent Care Coordinator will refer those members to case management if needed. Once enrolled in case management, the nurse case manager will contact these members on a routine basis to assist in scheduling appointments (primary care and specialty), getting prescriptions filled, refilled and delivered, setting up transportation, addressing social work, and safety issues/concerns, etc. Case management will help MedStar Family Choice to establish a strong relationship with these members, with the goals of offering and coordinating improved access to appropriate care overall. Member satisfaction is measured through a post-program follow-up phone call.

Providers are responsible to report overpayments or improper payments within 60 days

- Return the overpayment to Medstar Family Choice within 60 calendar days after the date on which the overpayment was identified.
- Notify MedStar Family Choice in writing of the reason for the overpayment.

If your practice determines it has received overpayments or improper payments, contact the Provider Customer Service Line at **800-261-3371**.

Provider Claim Dispute and Appeal Process

MedStar Family Choice providers must follow the steps below to initiate a Claim Dispute or administrative or clinical appeal. To assist providers, we have created forms available on our website for these kinds of requests, with information about each category detailed below.

Claims Payment Dispute

MedStar Family Choice developed a **Claims Payment Dispute Form** for your convenience. Use this form to request a review of claims payment received that does not correspond with the payment expected. This form contains all the information that is required to process your request. Please complete the form in its entirety and mail or email the form to the address listed on the **Claims Payment Dispute Form**. A claims payment dispute may be submitted for multiple reason(s), including:

- Contractual payment issues
- Disagreements over reduced or zero paid claims
- Other health insurance denial issues
- Submit another carrier's EOB

- Retro-eligibility issues
- Paid to wrong provider
- In/Out Network issue
- Claim denied for lack of authorization but you have proof of prior authorization

Providers must use the **Claims Payment Dispute Form** for all payment disputes, or your request will not be processed.

Formal Appeal Process

MedStar Family Choice will accept clinical/medical necessity or administrative (claim) appeal requests in writing within applicable time frames using the **Medicaid Appeal Form** from the website. Appeal requests must include a clearly expressed request for the appeal or re-evaluation. The request must include the reason and supporting documentation as to why the Adverse Action (denial) was believed to have been issued incorrectly.

MedStar Family Choice will send a letter to confirm the appeal within 5 business days of receipt of the appeal request. Med Star Family Choice will make a decision within 30 days from the date of the appeal and send a letter with the decision. Providers acting on their own behalf are defined as those who dispute Adverse Actions when

the service has already been provided to the member and there is no member financial liability. First level appeals must be submitted in writing within 90 business days from the date of the Remittance Advice (RA)/ denial notice.

The appeal must outline reasons for the appeal with all necessary documentation including a copy of the claim and the RA, when applicable. Appeal requests for medical necessity decisions must include supporting clinical/medical documentation.

A provider appeal must include a clearly expressed reason for re-evaluation, with an explanation as to why the denial was believed to have been issued incorrectly. An acknowledgement of receipt of the appeal (first and second level) will occur within five business days of receipt. Second level appeals must be submitted within 30 calendar days of the first level appeal notification letter. The second level appeal is the final level of appeal.
