This information was collected from health plans and their members and is the most current performance data available. The information reported was reviewed for accuracy by independent organizations. Health plan performance scores have not been adjusted for differences in service regions or member composition. "Not Rated by Researchers" does not describe the performance or quality of care provided by the health plan. It should not affect your choice of health plan.

Performance Area Descriptions

Access to Care

- Appointments are scheduled without a long wait
- The health plan has good customer service
- Everyone sees a doctor at least once a year

Doctor Communication and Service

- Doctors explain things clearly and answer questions
